Heavy Rain Storms throughout the West yesterday and last night interfered materially with the telegraph lines.

A WORTHY CANDIDATE.

The loyal voters of the Commonwealth ask no higher tribute to the worth and character of Judge Williams than the following neat compliment paid him by the only daily Democratic paper of Western Pennsylvania the day following his nomination. It said:

"The nomination of the Hon. Henry W. Williams as a candidate for Judge of the Supreme Court is a good one. He was the best man named before the Republican Convention, and possesses legal and moral qualifications for the responsible position to which he has been nominated. Both parties have now presented their candidates. An important duty has been faithfully discharged by the respective conventions. The campaign may now be conducted *without personal asperions*, and decided upon the principles of the two great parties. This is as it should be. It is an auspicious sign of the times, and if the county conventions are equally fortunate in the selection of legislative candidates, there will be a stop put to the deplorable corruption at the seat of government under a new reign of honest men and conscientious legislators.—*Pittsburgh Post, June 28th*, 1867.

The *Post*, in referring to the above, on the 29th of August, was pleased to say

"We have nothing to take back or modify. Of Judge Williams' private or legal reputation we have nothing but words of praise, and however it may suit some pugnacious and heady politicians, we cannot bring ourselves to view personal assaults as either wise or politic."

The death of Elias Howe, Jr., the inventor of sewing machines, is announced as having occurred in Brooklyn, on Thursday night. The deceased has left behind him an invention which will live forever as a monument to his genius, perseverance and industry. He was born in Spencer, Mass., in 1819, of poor parents. He received a scanty education, and developing a taste for machinery, was learned the trade of machinist. He devoted his attention early to the invention of a sewing machine, receiving but little encouragement, as the idea of supplanting hand stitching with machinery was almost universally scouted, being classed with perpetual motion vagaries. However, in 1846, his genius triumphed and he received a patent on his pet machine. After years spent in litigation, growing out of infringements on his patent, he finally succeeded in establishing his rights, and found himself the sole possessor of an invention which not only benefitted toiling thousands of the human family, but likewise brought fabulous wealth to his depleted treasury. During the war he enlisted as a private in a Massachusetts regiment, and served his country with credit and distinction. The soldier never had a better friend, nor the army a better private soldier than the millionaire volunteer.

The *Post* asks us "if it is right or constitutional to suspend the President before he is tried and convicted of high crimes and misdemeanors?" This seems to us a very foolish question, and so we will answer it by asking another. If a Collector of Internal Revenue should be indicted by the proper grand jury for applying to his personal use public moneys entrusted to his keeping, ought the President to suspend such Collector from his official functions until the case shall be tried? It seems to us sane men can give but one answer to this interrogatory.

The treatment of Mr. Stanton by the President was somewhat analagous to this. He did not like the manner in which that gentleman administered the affairs of the War Department, and suspended him from his trust until the Senate should hear and determine the matter. We do not perceive with what reason the President can complain if he shall be served as he served the Secretary of War. There is a homily adage, that "what is sauce for goose is sauce for gander."

Democrats labored from the first, and are laboring to the last, to have resistance to rebellion pronounced unconstitutional. They claimed that we had no Constitutional power to coerce the States. Judge Black embodied this principle of the party and of Mr. Buchanan's administration, in a legal opinion. Judge Sharswood pronounced the money, issued to carry on the war, illegal; and, to elect him, will be a long step on the way toward repudiation of the war, and all the legislation of Congress during the time the Southern States have been unrepresented. Should this measure be carried the ruin and confusion of the loyal States would fully equal that which now reigns in the South.

The contest in Luzerne county, between Mr. Ketchum and Judge Woodward, for Congress, is very spirited. The Judge once held that all foreigners should remain twenty-one years in this country before voting; and offered this as an amendment to the Constitution of Pennsylvania. This fact is now brought to bear against him with miners; and the Republicans are quoting his old speeches before the Convention with damaging effect.

The bold pretense of the *Post*, to induce the belief that Judge Williams has pledged himself to certain decisions after his election is strangely at variance with its endorsement of his "legal and moral qualifications." How a man legally and morally qualified for a Judgship could barter his decisions in advance to secure his own election may be known to the *Post*, but we should be at a loss to understand the principle.

The men who denounced the war for the preservation of the Union, and declared the South could not, and ought not, to be "subjugated," will vote for Mr. Sharswood, as by a sort of instinct. Men who were loyal all through the war ought not to be found in such companionship.

The Democrats of the City Council of Brooklyn, by a strictly party vote, refused to extend a welcome to General Sheridan. Republicans of Boston tendered the freedom of that city to Andrew Johnson.

The Wellsboro *Agitator* prescribes for a "nice young man" in financial distress, "one spade, one hoe, one saw and saw buck, to be kept bright, and taken alternately, or to suit demand."

There were two serious failures of commission houses at St. Louis, on Wednesday. The liabilities of one of them—that of Lamb & Quinlan—are reported at $500,000.

Elias Howe, Jr., inventor of sewing machines, died at Brooklyn, New York, Thursday night.

—The *Presse* says that the Emperor of Austria did not say that he would like to meet Victor Emanuel in Paris.

No man in the United States has stood more consistently for Total Abstinence from Intoxicating drinks, both in theory and practice, than Mr. Horace Greeley. Few men have done more or as much for Temperance as he. In the *Tribune* of the 3d instant he says:

"We believe in Republicanism; we believe in Total Abstinence from Intoxicating Drinks; we believe in Temperance legislation; but there are good Republicans who believe neither in Total Abstinence nor in Temperance legislation; and they have as much right to act on their convictions as we. We do not know which of the Republican candidates for State offices are Prohibitionists, nor that any are; we shall not inquire, and shall vote for all of them right heartily, and would if we knew them to be all adverse to us on all questions relating to Liquor. We expect to vote for the Republican candidates in our district for Senate and Assembly, though these also should be anti-Prohibitionists. We know there are Republicans who are not Prohibitionists; and they shall have no just cause to complain of unfair treatment at our hands. We heartily concede their right to cherish and act on their convictions; we ask of them nothing that we are not willing to reciprocate. We say frankly to them: Let us act together as Republicans; let us agree to differ as to Prohibition. We respect your convictions; respect ours!" We surely ought not to be estranged on this side issue. But if the Liquor-loving and Liquor-selling Republicans shall see fit to say to us, "Surrender or stifle your convictions that selling and drinking Intoxicating Beverages are wrong, and agree to act as though they were right, or we will bolt and defeat the Republican party," we must answer, "Then bolt! We will not be enslaved, even to secure your co-operation, in stamping out the last remains of Slavery. If your Republicanism is contingent on our conformity to your views of the Liquor question, it must go; for we cannot buy your adhesion by sacrificing our convictions of Right and Duty."

This is eminently sensible. On this basis alone can the Republican organization be maintained and a proper reconstruction of the Union be secured. We have repeatedly urged this view upon the consideration of the Temperance men of this county, and we urge it again and with increased earnestness. We do not believe in driving men from the Republican ranks, who agree with us in politics, but do not concur in prohibiting the use of intoxicating beverages.

GENERAL NEWS.

—One thousand fresh Irishmen are expected in Arkansas.

—Whisky is being shipped to Alaska—a quart for an otter skin.

—There are twelve thousand five hundred Freemasons in Missouri.

—Fifteen thousand men are steadily at work upon the Pacific railroad.

—The handsomest woman in the world is on exhibition in a booth at Paris.

—England has spent two million dollars on the iron clad Northumberland.

—The higher classes in Japan practice polygamy, but it is not a general practice.

—The English Life Boat Association has saved more than sixteen thousand lives.

—There are forty-eight steamboats employed on the Hudson river at different points.

—The Mendelsohn Quintette Club opened the season at Brooklyn on Tuesday evening.

—The number of Presbyterians in Cincinnati increased from 1,100 to only 1,180 from 1851 to 1866.

—There is no church accommodation for over twelve millions of the people of the United States.

—It is said that a meeting of curates has been held in London, preparatory to a strike for higher pay.

—The "Fire Extinguisher" did good service at St. Albans, Vt., at a fire which broke out in a large foundry.

—The rebuilding of the Crutchfield House, at Chattanooga, lately destroyed by fire, has already commenced.

—The Athens marble, so popular in Chicago for building purposes a few years since, is already crumbling.

—Nancy Cornell, aged eighteen, was burned to death in Linton township, Vigo county, Indiana, by her clothes taking fire, on Monday.

—No person who has lost any of his property by gambling within four months of his application, can receive the benefits of the bankrupt law.

—The receipts of wheat at Milwaukee last week were seven hundred and fifty-six thousand six hundred and forty bushels. During the corresponding week of last year they were three hundred and forty-five thousand and sixty-five bushels.

MUSICAL NOTES.

—La Grange and Brignoli are at the West.

—Tostee, the French prima donna, has already became a decided favorite.

—Mr. Authur Mattheson translated the songs just published from the "Dutchess of Gerolstein."

—Tom Baker is to write the music for a new song to be printed in Mrs. Lesderneir's new novel.

—Medini, the new basso has a higer, louder voice than Antonucci, but has not so genuine and true a bass quality.

—New tunes are wanted. Nothing of a decided character good for whistling purposes has succeeded the "Marbel" waltz, which is about worn out.

—Parepa, besides being the leading prima donna of the opera season, at New York, will sing in a number of the Harrison oratories and concerts during the season.

—About one-half of the best choir singers in New York city are professionla minstrels. Trained to a great precision, by the musical exigencies of burnt cork, they are usually good and effective in church music.

—The Georgian Chants—sung in unison—are finding great favor in many churches, though ten years ago they were almost unknown in this country. Congregations like them, but choir singers usually detest them.

SCIENTIFIC.

---The Minnesota Historical Society has been making scientific observations upon a paleological skull. The society has concluded that it is a turtle shell.

---The Homeopathic College of Pennsylvania has determined to open its doors to women, provided a sufficient number offer to make it desirable as a test of its benefits.

—An explosive substance, whose effects are somewhat like those of gunpowder, has been discovered in France by M. Pool. It is prepared by the action of chlorate and of nitrate of potash on ordinary glue or isinglass.

—All the medical colleges of New York city are now holding their preliminary courses of lectures, and the present appearances indicate that there will be more medical students in that city the coming winter than ever before.

—The phenomena which Jupiter presented on the night of the 21st of August was observed in Europe. Several astronomers have already recorded the results of their vigils, and amongst others, the editor of the *Astronomical Register*, who says the appearance of the shadows was very remarkable. When the five black spots were projected on the line of the belts, they give one the idea of "a bar of printed music."

CRIME.

—A man in Alexandria, Va., who spent a legacy of $12,000 in one year, is now in jail for stealing chickens.

—Chicago has been excited over the garroting and robbing of a woman in the daytime on the platform of a crowded horse-car.

—Sylvester Quilter, for the murder of George Firman, was sentenced in Elizabeth, New Jersey, to be hung on the 14th of November.

—An elopement in high life is recorded in Toronto. A wealthy and beautiful young lady, a niece of the Canadian Postmaster General, ran off to Kingston with a banker's son a few days ago and was married there. She fled from her father's house while a brilliant ball was at its height.

—A novel suit is now before the Supreme Court of Buffalo. Mr. Nicholas Hyman sues the wife of Wm. Burk, for wilfully cutting off two large black curls from the head of Anna Hymen, aged 12 years. Damages, $2,000. An alter of Hymen is expensive when it affects appearances.

Florence, October 3—*Evening.*—The rebels holds many posts in the province of Viterbo, and await the attack of the Pontifical Corps.

PARTICULARS OF GARIBALDI'S MOVEMENTS.

London, Oct. 4.—The following particulars of the recent movements of Gen. Garibaldi have been received from Italy: While in prison at Alexandria, Garibaldi persistently refused to give his parole not to engage in any hostile enterprise against the Papal States. Meanwhile, the Italian government, hoping to allay the popular excitement caused by his arrest, gave orders for the transfer of the prisoner to his home at Caprera, without insisting upon his parole. The General was accordingly taken to the Island, where he was apparently set at liberty. Soon after his arrival he suddenly disappeared from the Island, and succeeded in reaching the main land, but his movements had been carefully watched and he was again arrested and sent back to Caprera, where he now remains under guard, a prisoner in his own house.

ENGLAND.

RUMORS OF FENIAN CONSPIRACY.

London, October 3—*Evening.*—It is reported that a policeman had been shot and killed in Rochdale by some Fenians. A policeman was attacked and nearly killed in this city by a gang of Irishmen last night. These events, in connection with recent occurrences in Manchester and Ireland, have given rise to rumors of a new wide spread Fenian conspiracy.

THE QUAKER CITY WITH AMERICAN EXCURSIONISTS.

London, October 4.—A dispatch from Alexandria, Egypt, announces the arrival of the steamer Quaker City, with an American excursion party on board, all well. Captain Duncan telegraphs that the Quaker City will leave Alexandria on the 7th inst., and after touching at one or two points in the Mediterranean will reach Gibralter before the 27th of October, when she will sail direct for home.

NEW YORK STATE.

Democratic State Convention—Second Day's Session—Synopsis of Resolutions—Ticket Nominated.

[By Telegraph to the Pittsburgh Gazette.]

Albany, N. Y., October 4.—The Democratic Convention met this morning and passed resolutions pledging the Democracy to reclaim New York from misrule and corruption, as the first step to the restoration of the Union and Constitutional Government; that the National debt is a sacred obligation; demanding economy of administration; honesty in the collection and application of the revenues, and equality of taxation and currency for the benefit of the people; denouncing the efforts of the Republican party to retain the power it has usurped by establishing negro supremacy in the South, by military force, and disfranchisement of the whites, as an outrage on Democratic principles, and an attempt to undermine and destroy the Republic; stigmatizing the refusal to submit the question of negro suffrage to the people as a cowardly evasion of the Republicans; that incapacity, corruption, legislative degredation and revenue demoralization is proof that the Republicans are incapable of governing the country; calling on the Federal Government to enforce the doctrine that adopted citizens are entitled to protection; opposing the Excise Law and urging its repeal; and winding up with thanks to the soldiers and sailors.

The following ticket was nominated: For Secretary of State, Homer A. Nelson, of Dutchess; Comptroller, Judge W. F. Allen, of Oswego; Treasurer, Wheeler H. Bristol, of Tioga; Attorney General, M. B. Champlain, of Alleghany; State Engineer, Van R. Richmond of Wayne; State Prison Inspector, Solomon Scheu, of Erie; Canal Commissioner, John D. Fay, of Genessee; Judge of Court of Appeals, Martin Grover, of Alleghany.

A State Committee was appointed.

Gov. Seymour made the closing speech, and the Convention adjourned.

TELEGRAPHIC SUMMARY.

—The contracts with Southern railroad and steamboat companies for the transportation of mails throughout the South are all being satisfactorily carried out.

—Several prominent Republicans hold the opinion that, in case the House presents the President for impeachment, he will be suspended from office during his trial.

—The rebel newspapers of Georgia and Alabama contain appeals to the Southern whites not to vote at the coming election for a Convention to reorganize the States.

—Hereafter, by General Grant's order, preference is to be given in all bureaus of the War Department to clerks, first, those who were wounded in service; second, the soldiers honorably discharged; and third, to citizens having families.

—The Paymaster General, it is understood, has received an order from the Secretary of War to reduce the clerical force of his department. It is estimated that about four hundred clerks will be dismissed by similar recent orders.

—A serious riot took place in Jefferson City, Louisiana, on the day of the election. It commenced in a dispute between a white and black man, and was followed by a general melee, in which fire arms were freely used. Two whites and four negroes were seriously wounded. The military were called upon and soon quelled the riot.

—Mr. Hunter, who has been pardoned by the President, says in his petition that he proposes to direct himself to the pursuits of private life; that he submits to the authority of the United States, and recognizes the power of the General Government to establish its policy in the South. He will counsel conformity to that policy with as much peace and contentment as possible. He recognizes the "necessity of submission," and feels the importance of repose to the country. He says that President Lincoln did not doubt that he (Hunter) would do what he could to aid in the work of peace and reconstruction in Virginia; that Mr. Lincoln expressed a desire to see him when in Richmond and sent for him.

CABINET RUMORS REVIVED.

Gen. Grant Anticipates Being Relieved from the War Office.

GEN. SHERMAN TO BE HIS SUCCESSOR

[By Telegraph to the Pittsburgh Gazette.]

New York, Oct. 4, 1867.

A special to the *Post*, dated Washington, Oct. 4th, says: Rumors of Cabinet changes are current. Whether there is any truth in them or not, it is known, at least, that one officer of the Cabinet, General Grant, anticipates being relieved from the duties of position of Secretary of War at no distant day. A prominent official of the War Department stated to-day that the General has held himself in readiness for a week past to surrender his portfolio to whomsoever might be appointed to succeed him.

Col. Henry, American Consul at Quebec, Canada, has tendered his resignation, to take effect immediately.

A Wall street rumor says the President has determined to call Gen. Sherman to the War Department.

NOT RESIGNING, HE WAS REMOVED.

Colonel Messmore, Deputy Commissioner of Internal Revenue, having declined to comply with the request of the Secretary of the Treasury to resign his connection with the Department, has been formally removed. An official letter to that effect was sent him yesterday afternoon. It is not definitely known who will succeed Messmore.

CUSTOMS RECEIPTS.

The receipts of customs for the week ending September 28th were $4,345,303.

COLLECTOR AT CORPUS CHRISTI.

J. Warren Bell has been appointed Collector of Customs at Corpus Christi, vice McIntyre, deceased.

SAINT LOUIS.

Exaggerated Reports About the Cholera—The Disease Disappearing—Fire—Prospects for the Fair Next Week—Lynch Law at Ellsworth, Kansas—General Butterfield and Superintendent Murphy Held as Hostages by the Indians—Gen. Sherman.

[By Telegraph to the Pittsburgh Gazette.]

St. Louis, Mo., October 4.—The reports which have been circulated at different points in the West for some days, about the cholera being in this city, have been of a most grossly exaggerated character. The disease did appear here in a mild form about two weeks ago, but it culminated last Saturday, and since then has been abating steadily. Only two cases were reported up to noon to-day, and all apprehensions of a return of the disease has ceased. The Board of Health will publish an official statement to-morrow, which will show an average of less than twenty-five deaths per day since the malady appeared, and Mayor Thomas will issue a proclamation declaring the city free of the disease and that all danger has passed.

The foundry and machine shop of Rison, Ellison & Co, Main street, between Cherry and Washington, was burned this morning. Loss $30,000. Insured for $7,500. The Scale and Safe Factory of A. B. Pierson, adjoining, was also destroyed. Loss, $4,000. Insurance, $2,000.

The entries for the fair, to open here on Monday next, continue unprecedentedly numerous, and the present indications are that it will be the largest fair ever held in the West. Two steamboats have been engaged to convey stock from the Illinois State Fair, now being held at Quincy.

A dispatch from Ellsworth, Kansas, says: Two desperadoes, named Charles Johnson and George Craig, were forcibly taken from the custody of the officers last night by the citizens and hung.

It was rumored at Ellsworth that General Butterfield and Superintendent Murphy are forcibly held by the Indians, now assembled at Medicine Lodge Creek, waiting the arrival of the Indian Commissioners.

At the Laclede Course to-day the first race was for the Green stakes, for three year olds, which never appeared in public before; mile heats, for $300. It was won by Maggie Hunter in two straight heats. Time 1:53½, and 1:58½. The track was heavy in consequence of the rain.

The second race was for the Post stake, free to all; mile heats, three in five, for a purse of $1,200; the second horse to get $200. There were eighteen entries. Malcomb won the first heat by three lengths, Maggie came in second, Ruth third, Joe Johnson fourth, Patrician fifth. The second heat was won by Malcomb by two lengths, Ruth second, Maggie third, and Patrician fourth, Johnson distanced. The third heat was won by Ruth in two lengths, Maggie second, Patrician third, Malcomb fourth. On the fourth heat, when Malcomb was near the distance post, his rider fouled Patrician by crossing in front of him, and the Judges gave the heat to Patrician, and declared Malcomb distanced; Ruth second, Maggie third. It now having become too dark for another heat, the remainder of the race was postponed till to-morrow. Time, 1,53¾, 151¼, 1:58½ and 1:55.

General Sherman left here yesterday for Washington.

NEW YORK CITY.

[By Telegraph to the Pittsburgh Gazette.]

New York, October 4, 1867.

SEWING MACHINE INVENTOR DEAD.

Elias Howe, Jr., inventor of sewing machines, died in Brooklyn last night.

AID FOR YELLOW FEVER SUFFERERS.

The Academy of Medicine, of this city, has collected one thousand three hundred dollars, which was forwarded to New Orleans, for the relief of yellow fever sufferers. The Staten Island Medical Society has made arrangements to send two physicians to New Orleans to attend the sick.

MURDER IN THE STREET.

A murderous affray occurred last night at the corner of Division avenue and First street. Two men named Hammond Gross and Weber were stabbed by Lawrence Achardt. Gross died within an hour. Weber's wound is severe but not fatal. The murderer was arrested.

ACCIDENT TO A STREET CAR.

A brake of a street car, on Atlantic street, Brooklyn, broke this morning while descending a steep hill, and turning a curve at Furnace street, was thrown from the track and smashed to pieces. A lady named Emma Leiding was killed and several passengers slightly injured.

DEFAULTING CASHIER ARRESTED AND RELEASED.

Conklin, the defaulting cashier of the New Milford Bank, was arrested on Tuesday, at Poughkeepsie, by the Sheriff, and committed for trial, and a dispatch was sent to New Milford asking how he was to be disposed of, but no answer being returned up to evening, he was released.

MONEY MARKET EXCITEMENT.

The *Express* says the excitement in the money market continued long after bank hours. At four o'clock many bank accounts were not made up. The utmost difficulty was experienced, even by first class firms, and the rates for call loans ranged to 7 per cent; currency to 7 per cent.; gold a commission of ⅛ to ¼ per cent. added. This state of affairs is brought about by the preparation of banks for their quarterly statements and heavy shipments of currency to the interior during August and September. The west is still absorbing the currency to a considerable extent, and the drain to the South is setting in. The government was selling gold to-day, but purchases of 7-30 notes have been stopped for the moment. The currency balance in the sub-Treasury is being reduced by transfers to other offices.

UNION PACIFIC RAILROAD DIRECTORS.

The following gentlemen are the Directors of the Union Pacific Railroad Company, on the part of the stockholders for the ensuing year: T. C. Durant, New York; C. S. Bushnell, Connecticut; John J. Cisco, New York; H. S. McComb, Delaware; Oliver Ames, Massachusetts; John Duff, Massachusetts; Josiah Braswell, Mass.; Sidney Dillon, New York; Wm. H. Macy, New York; John F. Tracy, Illinois; E. Look, Iowa; John B. Alley, Mass.; Wm. T. Gleddon, Mass.; F. Gordon Dexter, Mass.; Benj. E. Bates, Mass. The remaining five Directors on the part of the Government will be appointed by the President of the United States.

Another Raid on Illicit Whiskey Stills—The Outlaws Overawed by Marines.

[By Telegraph to the Pittsburgh Gazette.]

Philadelphia, October 4.—United States Marshal Bilmaker, with Lieutenants Fagan and Fields, in command of eighty-six marines from the Navy Yard, went to-day to Port Richmond to take possession of illicit whisky stills, and capture the parties engaged in resisting the officers yesterday. The marines, having their muskets loaded, overawed the still owners, and the Marshal's officers were not disturbed except by threats and groans. The work is yet going on, and over one hundred illegal stills will be broken up before night.

THE COURTS.

Quarter Sessions—Judge Sterrett.

This Court met at ten o'clock Friday. The following business was transacted:

VERDICT RENDERED.

The case of John B. Wills, indictment misdemeanor under the livery stable act, it being alleged that he caused the death of a horse belonging to Isaac Charles, livery stable keeper in Allegheny city, by overdriving, was resumed. W. T. Haines, Esq., counsel for the defense, made a forcible and very clear argument to the jury, upon the possibility, under the evidence which had been elicited, of the death of the horse having resulted from another cause than that alleged, and of the defendant being guiltless in the matter. Jacob H. Miller, Esq., was private counsel for the Commonwealth. The jury found a verdict of "not guilty," and ordered that the prosecutor, Isaac Charles, should pay the costs.

AGGRAVATED ASSAULT AND BATTERY.

Michael Maloney was placed on trial for committing an aggravated assault and battery upon John H. Flack, baggage master on the Pennsylvania Railroad, on the night of the 7th of September last. The prosecutor was on his way to his home in the Sixth ward, and in passing along Washington street was attacked by the defendant and two others and considerably injured. The jury found a verdict of "guilty." Sentence deferred.

ANOTHER CASE.

John Diegold was tried for aggravated assault and battery on Kennedy McKee, striking him on the head and face with a pair of knuckles, inflicting some fourteen different cuts or bruises. The difficulty took place on the 10th of September, in the borough of Lawrenceville. The parties, both defendant and prosecutor, went together to Hart's tavern, both considerably intoxicated, the prosecutor bleeding profusely from his wounds, and the defendant asking for appliances to wash off the blood. The defendant admitted having beaten the prosecutor, said he would do it again, and also said they had been friends. The prosecutor testified to what he recollected about the occurrence, and expressed his desire that the defendant should be let off as easily as possible, remarking that "he was young, (about seventeen), and did not know what he was doing." The jury found a verdict of guilty. The Court thought the defendant had made rapid progress in going to the bad, and sentenced him to the Penitentiary for one year.

PLEADED GUILTY.

Charles Gibson, aged fifteen years, was indicted for burglary and larceny, on oath of Charles C. Bear, in breaking and entering the store of Mr. Baer, on the 8th of June, and carrying away meerschaum pipes, cigar tubes, cigars and smoking tobacco, to the value of about forty dollars. The defendant put in a plea of guilty of larceny, which was accepted. The prisoner said he had friends in the city, who knew of his whereabouts, but none of them were present. He said he had been forced by another boy, named Bessenberger, from Wheeling, to enter the store, that is, he had been persuaded, and consented. He was sentenced to the House of Refuge, and the Court expressed the hope that he would take advantage of the opportunity to make a man of himself.

NOT GUILTY.

Thomas Scott was indicted for assault and battery, on oath of John McIntyre. It was alleged that the defendant, on the 28th of June last, while driving a cart on the Allegheny wharf, ran over a child of the prosecutor. Verdict not guilty; defendant to pay costs.

The jury were discharged until Wednesday next.

District Attorney Duff and Judge Sterrett.

We mentioned on Tuesday the nature of a difference which occurred on Monday, in the Court of Quarter Sessions, between Judge Sterrett and District Attorney Duff, relative to the taking up and trial of an assault and battery case, Commonwealth vs. Hulings. The District Attorney refused to call up the case at the request of J. K. McClowry, Esq., counsel for the defense, for the reason that others on the calendar had precedence. Judge Sterrett ordered the case to trial, and directed J. W. Taylor, Esq., to join issue with the defendant in his plea and prosecute, the District Attorney having declined to do the same, also claiming that the case could not legally be called up without his motion. The case was tried and disposed of. It is proper we should say the action of the Court was predicated on the understanding that the case had been fixed for Monday. Mr. Duff denied that such was the fact.

Yesterday the District Attorney filed the following motion:

"Commonwealth vs. Thos. Hulings. In the Court of Quarter Sessions of the Peace, No. 269, Sept. 1867. Indictment assault and battery.

"And now, to wit: Oct. 5th, 1867, comes Levi Bird Duff, District Attorney for Allegheny county, who prosecutes for the Commonwealth, and moves the Court to proceed to trial in the above case.

"*Reason*—The trial which is docketed in the case of September 30th, 1867, is a nullity, the same having been brought on and conducted without the authority and against the objection of the District Attorney."

The counsel for the defendant, and the attorney assigned to prosecute the case referred to in place of the District Attorney, we observe are endeavoring to sustain the Court in its action by publishing a card in the newspapers. As the matter is one pertaining solely to the Court, arising out of representations made by the counsel themselves, raising a question of veracity between them and the District Attorney, we would suggest that the publishing of cards is not the proper way to determine the matter. The question, in a nutshell, is whether the District Attorney agreed to try the Hulings case on Monday. If he did, and then refused to call it up according to promise, no one will question the propriety of the action of Judge Sterrett. Whether the District Attorney did or did not make such arrangement, is dependent upon the assertion of the attornies who have sought to make out a case against the District Attorney through the newspapers.

Common Pleas—Judge Stowe.

The jury in the case of Shaw vs. Shaw, trial for divorce, after being out all Thursday night, came into court yesterday and stated that they were unable to agree. After consultation by counsel, it was agreed that the jury might be discharged, and they were accordingly dismissed from further considering the case. We understand that upon the first ballot ten voted for granting the divorce, (the wife was the petitioner,) and two against. The minority was finally reduced to one, the foreman, (Mr. Boyce, of the Sixth ward,) who held out to the last.

In the case of Hanauer vs. Scott, (reported yesterday), the jury found a verdict for the defendant.

Court adjourned till Wednesday next.

Republican Meetings.

The Republicans of Penn township held a meeting at Mitchell's store, Sandy Creek, last night. A large and respectable assemblage of the Union voters were present. Mr. James Duff was appointed Chairman, and Mr. J. L. Stotler Secretary. The first speaker introduced was Captain W. E. Ford, candidate for the Legislature, who delivered an interesting speech, in which he reviewed the labor reform movement and the Tioga law, to the satisfaction of all present.

John H. Kerr, Esq., was the next speaker. He spoke on the National issues of the day and urged every good Republican to vote for Judge Williams on next Tuesday, and put the Supreme Bench on the side of loyalty. W. C. Moreland, Esq., delivered the closing speech, and entertained the meeting at length. He said if any law was obnoxious to workingmen they could repeal it; and demonstrated the folly of the workingmen making a separate party. If they would stand by the Republican party, they could control it, and receive its entire support. He concluded with an eloquent eulogy on Judge Williams. The meeting was quite interesting throughout.

EAST LIBERTY.

Last evening the Republicans of East Liberty held a large and enthusiastic mass meeting. The greatest harmony prevailed. Able addresses were delivered by Messrs Shannon and Penny, who presented the great issues of the hour in a most forcible and argumentative way to the loyal masses assembled. The celebrated Mozart Brass Band was in attendance.

MANCHESTER.

At Manchester, Fifth ward, Allegheny, a large meeting of Republicans was held last night, and was addressed by Messrs. Purviance, D. L. Smith, Col. T. M. Bayne and Gen. A. L. Pearson. The meeting was one of the most encouraging ever held in that district. G. W. Reynolds, Esq., presided. A brass band was in attendance and the proceedings were characterized by a great deal of enthusiasm.

Arrested on Suspicion.

Chief of Police Scott, yesterday afternoon, arrested three suspicious characters, named Coulter, Burns and Quinton, near a pawn shop on Liberty street, in the Fifth ward. Coulter was observed to come out of the pawn shop, approach Burns, and very cautiously hand him a pair of pantaloons. As the Chief approached all three started to run, but were arrested and brought down, it having been ascertained that Coulter had tried to pawn the pantaloons and failed, because the broker suspected that they were stolen. Coulter said he tried to pawn them for Burns, to whom they belonged. Burns at first claimed them, and then said that a man in Allegheny gave them to him to hold. In Burns' possession were found, besides the pantaloons, a large bowie-knife, a handy-billy, a corps badge and some ball tickets. The three men are locked up. The pants are new black ones, and any one having lost such a pair will do well to call at the Mayor's office.

The Moffitt-Thompson Conspiracy.

M. Swartzwelder, Esq., counsel for the defense, has filed a motion for a new trial and in arrest of judgment in the case of Alexander Moffitt, convicted of conspiracy to charge and indict Isaac Thompson in the United States Court. The reasons in support of the motion are based mainly upon the indictment, which it is claimed is defective in not charging the defendant with conspiracy to charge and indict Thompson for an offence known to the law. It sets forth that the defendant conspired to charge Thompson with having in his possession counterfeit money, but, "with intent to cheat and defraud," the very essence of the offense, is omitted.

Fast Clerks and Fast Living—Defalcation.

Young men holding important positions of trust in mercantile houses cannot too closely guard their conduct and avoid evil associations. Within our experience as a journalist we have had to perform the painful duty of recording the wreck on the rocks of dissipation and vice of many promising young men, whose pathway seemed to lead to a bright future of usefulness, honor and prosperity. In an evil hour the young clerk gives way to the false idea that to be respected he must live beyond his means; must dress well; must dissipate with so-called fashionable companions, and live a few miles ahead of those who are not ambitious for the title of right clever fellows. This idea, if carried out, must certainly lead to ruin. Slim salaries go but little way toward supporting "style," and swift living begets a desire for more rapid accumulation of money. The conscience falters and dishonesty takes the place of the best of all policies. The clerk plunges into the stream of dissipation and wades out deeper, and deeper, till he sinks with a character blasted, and the promises for the future turned into desolate blank. But we will not sermonize. Young men have about them ample evidence of the disaster attending a rapid life, and the certainty of honesty and slow living being rewarded. We have two illustrations of what we have said to record to-day, and feel that we are doing a deed of charity by concealing from our readers the names of the unfortunate men who have fallen victims to their own folly.

In one of the leading Liberty street mercantile houses was employed up till within a few days a young man as book-keeper and confidential clerk. He was apt, willing and correct, winning for himself the esteem and admiration of the firm by which he was employed, and of all those with whom he had business dealings. Quite recently he fell in with bad companions and led a life anything but temperate and prudent. He feasted and drank, and kept company with lewd women, one of whom he made his mistress, and supported her in royal style. He lavished his money in making her presents, and even went so far as to buy her a new set of teeth in order that she might prove still more attractive to his eyes. This prodigacy could not be sustained out of his salary, although it was quite large, and to keep up "with himself" he was forced to make frequent levies on the cash of his employers, covering up his tracks as best he could. How long he had been appropriating the cash of the firm is not known, and to what amount he has defaulted is only a matter of conjecture. He was accidentally discovered, and to destroy the identity of the case we will make no allusion to the course pursued by the employers whose confidence he has so grossly abused. So much for case No. 1, in illustration of the evils of rapid living.

Not many squares from the house of the firm above referred to, in an extensive wholesale establishment, there was employed, up till Monday last, a young man as book-keeper and treasurer. He had been with the firm for a long term of years and had enjoyed a high reputation for honesty, fidelity, sobriety and close attention to duties. His uniform good conduct had rendered him an especial favorite with the firm. But he was not proof against temptation. He fell into bad habits, became dissipated, kept evil company, neglected his duty and was discharged. Having his books to settle, he was about the warerooms for several days after the date of his discharge, and during that time received from customers some three hundred dollars, with which he decamped and has not yet been heard from. The firm will hardly prosecute, and should this meet the eye of the wrongdoer he should make restitution and be forgiven by those he has wronged. Singular to say, he made all the necessary entries for the money received on the books of the firm, but pocketed it.

We have still another case of similar shortcomings on the part of a clerk, but as the matter will be satisfactorily adjusted, we choose not to publish the particulars. Will not fast young men pause in their career and in others' ruin discover whither they themselves are drifting?

Police Items.

ASSAULT AND BATTERY.

Julia Guinn made information yesterday against her husband, James Guinn, charging him with assault and battery. She alleges that he is in the habit of getting drunk and coming home in the "wee sma hours," when, if everything is not according to his ideas of propriety, he abuses her and her daughters, and on Thursday night struck her with his fist on the eye, blacking it and bruising her face in a shameful manner. He was arrested and held in the sum of $300 for a hearing to-day.

Michael McCoy yesterday made information before Alderman Strain against Patrick Brannon, charging him with assault and battery. The parties reside at Cork's Run. Brannon is a contractor on the railroad at that point, and McCoy is working for him. A dispute arose between them about the work, when Brannon struck the prosecutor in the face with his fist. A warrant was issued for his arrest.

Carl Kapp made information before Justice Ammon, of East Birmingham, yesterday, against Maurice Kapp for surety of the peace, alleging that the defendant threatened to do him bodily harm. Maurice was arrested and held for a hearing.

VIOLATION OF THE SUNDAY LAW.

Jacob Whitesell, Esq., appeared before Alderman McMasters and made information against William Einstein, a tavern keeper at Troy Hill, charging him with violating the Sunday liquor law by keeping his bar open after twelve o'clock Saturday night. The defendant was arrested and held for a hearing.

SURETY OF THE PEACE.

Hannah Spetler made information yesterday, before Alderman Strain, against her husband for surety of the peace. The parties reside in Birmingham, and it is alleged by the prosecutrix that her husband put her out of the house and used threatening language toward her. A warrant was issued for his arrest.

CAT-EGORY.

A hearing took place yesterday before Alderman Strain in the case of Margaret Carr against Mary Donahue, for surety of the peace, when the following facts were developed: It appears that the prosecutrix has a grandchild, which was afflicted with the croup. The mother of the child informed the grandmother that a cure might be effected by obtaining three drops of blood from a living black cat and administering the same to the child. Being naturally solicitous for the welfare of the little sufferer, as grandmothers usually are, she immediately started in search of a black cat. Her efforts were soon rewarded by the discovery of a beautiful black specimen of the feline species in the door of her neighbor, Mrs Donahue. She at once called upon Mrs. D. and endeavored to strike a bargain for the cat. Mrs. Donahue at first asked five dollars for the cat, which Mrs. Carr agreed to pay; but the cat vendor, noticing the eagerness of her customer, and thinking she had an opportunity to make a "spec" on "pussy," concluded not to sell her until her husband came home. Shortly afterward the husband made his appearance, when, upon consultation, it was agreed between himself and wife that the cat was worth ten dollars. Mrs. C. thought the price exhorbitant and refused to pay it. She went in search of another black cat, which she found. (We are not informed where or what she paid for it.) The blood was extracted and administered to the child and a cure effected, so says the grandmother. Mrs. D. being disappointed in the sale of her cat, was a little grieved over the matter, and hearing for what purpose the prosecutrix wanted the cat, made it her business to publish the matter, and, whenever opportunity afforded, taunted her by calling her a "witch." Mrs. C. became tired of this, and hence the information. The case was dismissed upon payment of costs by the prosecutor. That's all.

FALSE PRETENSE AND LARCENY.

William Bear made information before Alderman Thomas, yesterday, charging Jacob Miller with obtaining money from him under false representations. Bear also preferred a charge of larceny as bailee against Miller, alleging that he obtained from him a horse collar and had refused to return it. A hearing was had and the cases dismissed, there seeming to be no criminal intention on the part of the defendant.

Railroad Accident.

A serious accident occurred near Bulger Station, on the Pan-Handle Railroad, on Thursday morning, of which we have been able to gain the following particulars: The conductor of the local freight train coming east, between seven and eight o'clock in the morning, wished to leave a car on the siding at Bulger Station, and to do so, the car being one of the front ones, it was necessary to make a "running switch." Mr. Israel Rumbaugh, the fireman, left the engine and went to show the brakesman, who it appears was a green hand, how to make the "switch." Shortly after having "cut loose" from the cars he missed his hold and fell to the track, immediately in front of the train, which was running at a rapid rate, and was run over by seven of the cars, which so crushed the bones of one of his legs as to render amputation necessary. As the eighth car approached he reached up and caught hold of the brake rod, and was dragged along until the train stopped. This action probably saved his life. He was conveyed to a house near by, and a physician of the neighborhood amputated the injured limb below the knee. Mr. Rumbaugh was brought to the city Thursday and conveyed to his home in the Ninth ward, where Dr. McCook is attending him. He is now doing well, we are informed. He has a wife and child.

Robert S. Davis, Esq., senior member of Davis, Clarke & Co., one of our book establishments in this city, has recently returned from a sojourn of several months in Great Britain and the Continent. He returns with greatly improved health. During his visit to Europe he perfected arrangements for receiving foreign publications, by which their already large stock of such works will be greatly augmented, and at prices unusually low for that style of goods. This firm, besides their large and varied stock of books and stationery, to supply their extensive retail trade, have opened rooms in the upper stories to furnish goods at wholesale rates. The shelves and counters are packed full of publications and stationery of all kinds. Their stock of Bibles and Testaments, in every form of binding and size, is very large, and also of school books of all grades. This house has rapidly grown to immense proportions, which is certainly highly creditable to the young men comprising the firm.

Grand Army of the Republic.—A very interesting meeting of the members of the Grand Army of the Republic, of Allegheny City, was held Friday evening, at their Post, John S. Edgar, S. V. P. C., in the chair. Fifteen new members were initiated. The Junior Vice Commander of the Department, General Pearson, and District Commander Montooth were present. Several able and eloquent addresses were delivered by different members of the Post, and the meeting throughout is said to have been one of the most interesting of the kind ever held in the Department.

Fatal Accident—Coroner's Inquest.

About two o'clock on Thursday afternoon an accident occurred at the rolling mill of Messrs. Dilworth, Porter & Co., in South Pittsburgh, which resulted in the death of the chief engineer of the establishment, Mr. Henry H. Stoeffel. Mr. S. had ascended to the platform above the fly wheel for the purpose of oiling the counter shaft by which the shears are driven. It is supposed that while reaching around the shaft his shirt sleeve caught on the nut screw, and he was thereby drawn around the shaft and through the opening between it and the platform, which was but about seven inches wide. Shortly afterwards the workmen below heard a noise above, and looking up saw the unfortunate man hanging head downwards, suspended by the feet among the machinery. Conrad Coulter ran up to assist Mr. Stoeffel, and the engine was immediately stopped. Stoeffel, as we have said, was hanging suspended by his feet, which were caught between the pulley on the shaft and the beam, which supported the end of the shaft. Portions of his shirt sleeve were found on the screw, and there seems no other way of accounting for the accident.

He was immediately extricated from the machinery and taken down, apparently dead, but he revived, and was conveyed to his residence, near the mill, where he died about an hour afterwards. Drs. J. H. Roberts, George McCook and Ed. Umbstaetter were called in, but could render no assistance. The head of the unfortunate man was frightfully crushed, his left shoulder dislocated and the bones shattered, the whole left side crushed in, and the back, at the loins, lacerated so that the viscera were exposed. Coroner Clawson held an inquest yesterday morning, when a verdict of accidental death was rendered. The deceased was forty-nine years of age, had been employed at the mill mentioned for fifteen years, and always bore an irreproachable character. He leaves a wife and three children, who were dependent upon his labor for support.

A Great Blunder—The Fifth Street Sewer to be Torn Up and Re-Built.

Very fortunately the discovery was made yesterday, by Mr. Meyran, of the firm of Reineman, Meyran & Seidle, jewelers, that the Sewer on Fifth street, between Wood and Market streets, a part of which has been completed, is just *three feet too high* to accomplish any good. The City Engineer, Mr. Moore, had given the contractors instructions to sink the sewer *twelve feet* below the curb grade, but, through somebody's fault, the sewer was constructed at a depth of only *nine feet*. The cellars of the houses proposed to be benefitted by the improvement, are all more than that depth, and hence, the sewer, for drainage, would have proved a dead failure. The City Engineer very properly and promptly ordered the work to be gone over and finished at the proper grade, according to original instructions. This will entail a loss on the contractors and considerable delay in the work, but it was most fortunate that the great blunder was discovered before the entire sewer was constructed, and the street paved with the Nicolson blocks. Going over the work and undoing what has been done, will be sufficient punishment to the contractors without censuring them for the careless manner in which they performed that portion of their work.

Dead Body Found.

The dead body of an infant was found yesterday morning near a sand bar, opposite the Point, by two men, while crossing the river in a skiff, lying on the bottom, in about eighteen inches of water. It was taken out, and Coroner Clawson notified of the discovery. The Coroner proceeded to the spot and impannelled a jury to investigate the circumstances attending the death. The body was that of a white female child, and was fully developed. From appearances it had been in the water but a short time. There were no marks of violence visible, and it was impossible to determine whether the body had floated down the Monongahela or Allegheny river, or whether it had been placed in the position where it was found. There was no doubt whatever that the child had lived, but its death must have occurred very soon after its birth. There was no evidence adduced which would give any clue to the parent of the child. The jury rendered a verdict of death from causes unknown.

Boarding House Robbed.

An extensive robbery was committed on Thursday night, at a boarding house on Penn street, in the Fifth ward, kept by Mrs. Ward. A man representing that he was an engineer, and that he had obtained employment in the vicinity, came to the house and desired to obtain boarding. He was given a room, and retired, saying that he would send for his trunks in the morning. Yesterday morning at about half past six o'clock he went away, and has not since been seen. After he had gone it was ascertained that several trunks belonging to the boarders had been broken open and rifled, and that an overcoat, belonging to one of the inmates of the house, was gone, together with two hundred and nineteen dollars in money, which was in the pocket of the coat. The extent of the robbery is not known, as the owners of the trunks had gone to work before the depredation was discovered. The police have been notified, but there is little chance of capturing the thief with so slight a clue.

Fatal Accident.

An accident of a very distressing nature occurred last evening, about five o'clock, on the Pan Handle Railroad, near the Union Depot, by which Willie Bracken, a little boy about ten years of age, was instantly killed. The boy resided with his parents on Quarry street, in the rear of the Grain Elevator, and about the time mentioned, had climbed into a box car which was standing on the track, near where he lived. He had been in the car but a few moments when an engine backed down the track against the car and started it to moving, which so alarmed the boy that he attempted to jump out, when he slipped and fell on the rail immediately in front of the wheels, both of which passed over his body, crushing him to death. Coroner Clawson was notified and summoned a jury, and, after being sworn, adjourned to meet at the Mayor's office at seven o'clock this evening, when the investigation will be concluded.

Amusements.

Opera House.—"Nobody's Daughter," which has been played at the Opera House during the present week, will be presented to-night for the last time. The piece is a pleasing one, and has been admirably rendered throughout. No one should miss this last and only opportunity of witnessing it. At the Matinee this afternoon the "Streets of New York" will be played, and will doubtless draw a good house.

Theatre.—Griffin & Christy's Minstrels are playing to large audiences at the Old Theatre. They have been deservedly successful during their stay, and will doubtless continue to be so while they remain with us. They give a matinee this afternoon and an entertainment this evening.

The Varieties.—The attractions at the Varieties Theatre are on the increase. Every night something new is produced, and everybody who goes to see them is well pleased.

We Do Not Brag or Blow Up

What we have sold, but do say the new Weed Sewing Machine is a superior machine for fine or heavy work.

Now see what the Judges say about the Weed: "Is a superior machine for fine or heavy work, and does the work superior, not to denote the highest degree of excellence."

As the old saying is, "that every one has their day," and the Weed's has come at last. It carried at Paris, New Hampshire, Massachusetts, Connecticut, Illinois, Pennsylvania, in 1867, and will wherever it is tested for a prize. The New Weed overcomes all the vexations of the last twenty years in machines.

Greene County Oil and Gold.

The oil excitement in Greene county has found new impetus in a recent strike made at the old Bobtail well, which is now owned by the Birmingham Oil Company. The well is now steadily producing fifteen barrels per day of superior oil. A few days ago two full tanks of oil were consumed by fire entailing a heavy loss.

The gold shaft has been sunk a considerable depth and rich gold quartz in limited quantities has been obtained. The shaft is guarded and the operations are kept from the public. The excitement over the reputed rich yield of gold quartz is very great and no land in the neighborhood can be purchased.

New Drug Store.

There has recently been opened, at No. 103 Fifth street, a new and beautiful drug store, which will fully supply a want long felt for a first-class and reliable establishment of the character in that neighborhood. The store is fully stocked with fresh drugs, patent medicines, toilet articles, perfumeries, and all other lines of goods peculiar to the trade, and persons desiring anything in the line will be favorably dealt with. Physicians' prescriptions will be compounded at all hours by careful and experienced pharmaceutists. The proprietor, Mr. James P. Clark, will bestow all proper care in every department of the store, and we cheerfully commend him to the patronage of our readers.

More Speedy Cures.

I applied to Dr. Aborn, at No. 134 Smithfield street, this morning, October 3d, entirely deprived of my hearing in my left ear. In five minutes' time he restored my hearing, without cutting, probing, or any painful operation. He shall have my constant prayers for the continuance of his good works. An overjoyed patient.

A Sixth Ward Sensation—A Haunted House—Musical and Mischievous Spirits.

On a certain street, in a quiet neighborhood of the Sixth ward, there stands a house which is just now a source of considerable attraction to visitors by daylight and an object of terror to weak-nerved folks who pass that way by night. It is a veritable haunted house. At least so says Dame Gossip, and a whole host of occupants who have been driven from the threshold by supernatural demonstrations bear willing testimony as to the character of the domicil. It is said that the house has been so frequently visited by fun-loving, caper-cutting spirits as to render it untenantable. No human being can stay in it without having his nerves made rattle with fright, and his soul harrowed with sights which cannot be described. After twelve o'clock, midnight, the spirits appear, and amuse themselves, to the horror of the occupants, by beating on the window panes something akin to "Barbara Allen," "Tramp, Tramp, Tramp," "John Brown's Body," and a host of other new and popular airs. They likewise hammer on the doors and floors, rustle up and down stairs, blow out lights, pull quilts from beds, and perform other mischievous pranks unworthy the dignity of genteel and well behaved ghosts. Such is the story, but we don't believe a word of it, and hope none of our readers will. The house is reported as haunted, and no person will live in it, but like all ghost stories, if sifted to the bottom there will be found no truth or foundation for the terrible statements which so readily gain believers among the weak minded and superstitious. The Sixth ward has its sensation, and will enjoy it until some strong-minded person occupies that house a twelve month, and banishes the unwelcome visitors from the other world. In the meanwhile the landlord will go without his quarterly rent for his doomed pile of brick and mortar.

Winter is Approaching.

Winter is approaching, and parties will be making ready for the operations of that great pipe burster and water deranger, old Jack Frost, and the services of a practical plumber will be called to set all things in readiness. We can commend our readers to T. T. Ewens, No. 165 Wood street, who attends, in the best style of workmanship, to all jobs, large or small, entrusted to his care. Employing none but the very best mechanics, and giving personal supervision to all work, the establishment enjoys a high reputation, and is in every respect worthy of patronage. Mr. Ewens attends to all manner of gas, steam and water fitting at very reasonable rates. Orders by mail will receive prompt attention and workmen will be dispatched any distance to execute work. At the establishment will be found a full stock of chandaliers, globes, pendants, reflectors, oil lamps, wash stands, bath tubs, basins, water closets, iron and wood pumps, and a full line of steam fitting articles. Remember the place, No. 165 Wood street.

Catarrh Cured—From Esquire A. B. Stevenson, Magistrate at Birmingham.

TO THE PUBLIC.

I certify that I had been severely afflicted for years with Catarrh of the Head, Bronchitis, Heaviness in the Chest, and Impaired Hearing. In this deplorable state I was providentially induced to apply to Dr. Aborn, at 134 Smithfield street. In ten days after commencing his treatment, I am most happy to acknowledge that I have almost *entirely recovered* from every symptom from which I had so long suffered. My hearing also is almost *entirely restored* to its original acuteness as the fruit of his skilled and scientific treatment.

Inhalation and Atomization the Most Rational and Successful Method for Treating Catarrh and Diseases of the Air Passages,

AS PRACTICED BY DR. ABORN, AT NO. 134 SMITHFIELD ST.

Note.—Dr. Aborn devotes especial attention to the treatment of all diseases incident to the Eye, Ear, Head, Throat and organs of the chest. Will be professionally at his rooms, No. 134 Smithfield street, from 9 A. M. to 4 P. M. oc3:tf

Second Street, from the Birmingham bridge to the point where the paving ends, is in very bad condition, much torn up and in ruts, and when wet weather sets in cannot be otherwise than almost impassable. The board side-walk is also in a dilapidated state, fast approaching a dangerous point. Councils authorized this portion of Second street paved, during the early part of the year, and the Street Committee will realize the mistake or omission in not having the work done, when they come to count the cost of repairs which must become necessary during this fall.

New Shoe House.—We are pleased to inform our readers that a new and extensive boot and shoe house is about to be opened on Fifth street, at No. 47, by Mr. Daniel Carter. The store has been thoroughly refitted and remodeled, and has been supplied with one of the finest stocks ever brought to this city. The proprietor has been long and favorably known in the line of business in which he embarks, and will take great pains to make his store at all times an attractive place for customers. The opening takes place to-day.

Jewelry.—Persons in want of anything in the Jewelry line should bear in mind that Messrs Reineman, Meyran & Seidle are now offering their entire stock, consisting of Rings, Breastpins, Watches, both silver and gold—Clocks, silver Tea and Coffee Sets. Also Spoons and Forks—either plated or pure silver—all of which they will sell at cost prices—as they wish to close out their present stock, and open their new room with an entire new stock of goods. Remember the place, No. 29 Fifth street. 1t.

New Church.—The Presbyterians of the beautiful village of Bellfield, adjoining Oakland, have commenced the foundation of a new church, which will be completed ere winter sets in. The church building will be a model of architecture, and will be located on the north side of Pennsylvania avenue, east of Oakland. The congregation are spirited and liberal enough to erect such a building as will do credit to that part of our *city*, as will be, after Tuesday next.

Fine Jewelry is now being sold at reduced rates at the well known and fashionable jewelry house of Rineman, Meyran & Seidle, No. 29 Fifth street. The firm are desirous of disposing of their large stock of watches, clocks, jewelry, silver ware, plated ware, ornaments, and a full line of goods in their way, previous to removing to their palatial new store, which will soon be finished. Those desiring good jewelry at fair prices should favor this house with a call.

Dry Goods at Wholesale.—We invite the particular attention of buyers at wholesale to our complete stocks of Silks, Dress Goods and all kinds of Fancy and Staple Goods, and to the fact that we sell at the lowest Eastern prices and cut goods to suit purchasers.

LOOK OUT FOR BOGUS TICKETS.

Republicans must be on their guard against spurious tickets. Large quantities of Sharswood pasters have been sent into all parts of the State, under the frank of Mr. RANDALL, of Philadelphia. These contain only the name of Mr. SHARSWOOD, are on thin paper, with the back coated with mucilage. The evident design is that Democrats shall get genuine Republican ballots into their hands, apply these pasters, and peddle them as Republican tickets.

This explains on what basis the Democrats have imagined they could defeat Mr. WILLIAMS. They have intended by a trick having all the moral attributes of forgery, to defraud the Republicans out of the election. Let no Republican deposit his ballot without first examining it, so as to be sure that it contains the name of Mr. WILLIAMS.

HAUNSE'S CABBAGE PATCH.

Mynheer Haunse was the most prosperous gardener on Manhattan Island when Rip Van Winkle fell asleep. His cabbages were the largest, his lettuce the earliest, in market. He had a few sheep. His wife had carded his wool, spun it, and knitted it into stockings. Two of these were his bank, and, in them, he had deposited his gold and silver. He had calculated that his growing crop would raise his treasure to full five hundred dollars; but alas, disaster overtook him. The people who go over the rivers, had extended the boundaries of New York. His fences were torn down, his cabbages trampled, and he be numbed by the prospect of tax gatherers, assessments, and ruin irretrievable. He took to his bed, concluded to die, and sent for a lawyer to write his will. After bequeathing his other property to those for whom it was intended, he left his cabbage patch to his daughter Catherine. "Had you not better," asked the man of law, "appoint trustees to take care of this large bequest? Catherine is young. She will be the wealthiest heiress in New York. That ground is worth twenty thousand dollars, and will soon be worth a hundred thousand. Some fortune hunter may marry Catherine and squander it."

"How ish dat?" asked Haunse; and when the results of his disasters, present and prospective, were fully explained, he turned his face to the wall, and soliloquized, "Twendy dousand tollar!" then turning to his legal adviser, said, "I dinks I veels petther now. I shall make mine vill anoder dime."

Those who see disaster in the steps necessary to secure the possible future of our city, and lay the foundations for that growth and prosperity which must inure to the advantage of property holders, not only in the proposed extension, but throughout the county and the State, should try, like Haunse, to see the reverse side of the taxes and assessments, conclude to feel "petther," and postpone recording their wills against progress until "anoder dime."

RELIGIOUS INTELLIGENCE.

Fulton street Prayer-Meeting has attained a world-renowned reputation Since its organization ten years ago, noon-day meetings have been commenced in most of the cities and villages in the country. The tenth anniversary some days since called together a vast assemblage within the walls of the venerable North Church, on Fulton street, New York, to participate in the commemorative exercises. Such a sight is rarely seen of Christian Union among ministers and people. The body of the house was mainly occupied by clergymen and venerable men, while the side pews and galleries were crowded by ladies, among whom clergymen found their places The aisles were densely filled with interested spectators—the vestibule even was crowded—while hundreds who desired admittance finding it impossible to obtain it, reluctantly left the precincts of the sacred place. Dr. Duryea, the junior pastor of the church, presided. Dr. Wescott, of the Baptist Church, Dr. W. W. Newell, of the Presbyterian Church, Dr. E. G. Andrews, of the Methodist Episcopal Church, Rev. O. H. St. John, of the Congregational Church, Rev. Mr. Postlewaite, of the Protestant Episcopal Church, Dr. Vermilye, of the Reformed Dutch Church, and Mr. Lamphier, the originator of the daily prayer meeting, delivered brief and entertaining addresses. The *Christian Intelligencer* says Mr. Lamphier came to New York City thirty-five years ago, and attended the Brick Church and sang in the choir. But he had no knowledge of Christ. He subsequently attended the Pearl Street Church and the Broadway Tabernacle. Being addressed by the pastor concerning the interests of his soul, he responded: "I have a God, and am satisfied." The answer so impressed the minister that he wrote a sermon upon it, which was blessed to his conversion. He dedicated himself to God in Fulton street, and at noon. Hence the noon-tide hour had always seemed precious to him. When, at length having joined this Church, and become its missionary, he became impressed with the duty of opening a noon-prayer meeting for business men, it was greatly blessed. God did it, and to him be all the glory. These remarks of Mr. Lamphier, detailing the origin of the meeting, were made in a simple and humble way. Interesting hymns written for the occasion, reading of requests of various kinds, and other exercises, filled the round of time for the anniversary services. During the services a congratulating dispatch was received from Geo. H. Stuart, Esq., on behalf of the noon-day prayer meeting at Philadelphia, also announcing the successful inauguration of public services in a large tent and in a theatre.

The dedication of the magnificent new hall of the Young Men's Christian Association, Chicago, last Sunday evening, was an occasion of thrilling interest. The addresses of Geo. H. Stuart, Esq., and Rev. Mr. Parvis, of Philadelphia, and D. L. Moody, President of the Association, are represented as being highly interesting. The building cost $200,000, and is one of the finest specimens f architectural beauty in Chicago. It is expected that the rental of that part of the building devoted to business purposes, will pay its total cost in ten years. After that its revenue will be devoted to the work of the Association. This movement, in connection with similar ones in New York, Philadelphia and Washington city, are suggestive to our friends in this city. We see no good reason since the reorganization of the Association here, to deter those in the management, from attempting a similar undertaking. If a proper location could be secured, upon reasonable terms, and ample time to pay for it, the project might be so conducted as to result in much the same way as the Chicagonians have succeeded. Considerable faith of the philanthropic *Muller* type, however, is needed to push such a project through to a glorious consummation.

The *Advance* says that the Plymouth Congregational Church in this city have called Rev. Levi P. Paine, of Farmington, Connecticut, to the pastorate, tendering a salary of twenty-five hundred dollars per annum.

Reference was made some days since to the elegant structure of St. George's congregation, New York city, Rev. S. H. Tyng, Senior, Rector, since which the building has been formally opened for regular service. The venerable doctor has caused quite a ferment among the High Church Episcopalians, because he invited Rev. Gardiner Spring to read the prayers after the sermon. Dr. Spring was in the chancel with the other clergy, and performed this part of the service.

Some important features are suggested to be introduced in "The New Book of Order" of the Southern Presbyterians, that we believe are not favored by the legitimate Old School Presbyterian body, such as, the deacons, and not the elders, are to serve the elements to communicants, in the administration of the Lord's Supper; requiring a separate vote by those who are not communicants in the election of a pastor, and authorizing deaconesses. The vote of the Presbyteries do not show much unanimity, so that it is likely the old book will be considered the better.

Five of the Conferences of the Methodist Episcopal Church, in the West, show an increase during the past ecclesiastical year of these bodies, of six thousand five hundred communicants. It the other Conferences in that denomination do equally as well, its numerical strength will reach the round number of seventy thousand for the year.

At the recent session of the Kentucky Conference of the Southern Methodist Church, fifteen lay delegates, the first since the incorporation of the lay element of that Church, presented certificates of their election and were admitted members of the Conference.

The Western Unitarian Convention will meet at Chicago on the 16th. Various measures of the progressive order, in connection with the usual reports from the churches, will be brought forward and discussed. By the rules of that body female as well as male delegates are eligible to seats in the Convention.

Action was taken by the Sandusky Conference of the United Brethren Church, at its late session, requesting the General Conference shortly to be held, to modify the rule of Discipline on secret societies so as to make it advisory instead of penal, as the rule is unwarranted by the Word of God, and is detrimental to their prosperity as a Church.

A circular letter has just been issued, by order of a meeting of ministers and elders of the various branches of the Presbyterian Church, in Philadelphia, calling upon the Presbyteries of the United States, to send a minister and ruling elder from their respective bodies, to attend the Convention to be held in Philadelphia on the first Wednesday of November next, "for prayer and conference to promote union and communion among the various branches of the Presbyterian family."

Rev. Dr. Stow, a distinguished Baptist minister residing in Boston, has been invited to become pastor of the Upper Alton Baptist Church, St. Louis. This appointment is important from the fact that his congregation will be largely made up of students.

Rev. Phillips Brooks, of Philadelphia, so well known for his radical progressive views, has been called to Grace Church, New York city. Salary fifteen thousand dollars.

Rev. Albert Barnes, the learned commentator, has resigned the pastoral charge of the (New School) First Presbyterian Church, Philadelphia. No reason is given, but, presume, his great age is the cause.

Next week the General Conference of the Evangelical Association, familiarly called "Albright Methodists," will commence in this city, and continue perhaps ten days. We understand about eighty delegates will be present, beside the Bishops. This body is mostly composed of Germans, but is rapidly losing this feature, the younger ministers and members preferring and using the English language almost exclusively. In the days of Asbury, the first Bishop of the Methodist Episcopal Church, Jacob Albright, a Pennsylvania German, was converted and commenced to preach the Gospel to that class of persons. Bishop Asbury was unfavorable to organizing the Germans separately from the general work, as that body have since done, and which is prospering so finely, and Albright and his followers were unexpectedly and, almost without any intention forced to form a separate ecclesiastical body, and thus laid the foundation of the Evangelical Association. The organization gradually assumed system and strength, until it now spreads all through the Middle and Western States, and has now, we believe, an aggregate membership of about eighty thousand. The singular fact is developed, that in many of their annual Conferences, the proceedings of which were in the German language, and then translated into English, now the former is subordinated to the latter, that is the proceedings are recorded in English and afterwards read in German, for the benefit of those best acquainted with the latter.

Rev. Joseph King, pastor of the First Christian Church, Allegheny City, is to deliver a discourse before the Indiana State Christian Missionary Society, which convenes at Indianapolis on the 16th inst. Theme of discourse: "The Conditions of Success in the Ministry."

A DANGEROUS SEASON.

An almost unparalleled quantity of rain has fallen during the summer. Vegetation has been wonderfully thick and rank, and, as it decays, an unusual amount of sickness may be expected unless proper means are taken to prevent it.

Fever and ague and billious remittents already prevail to an alarming extent, and as the Fall advances and the malarious night fogs become heavier, the sick list is likely to increase both in the city and the country. It is, therefore, only an act of common prudence to keep the vital forces in full vigor, so that they may resist the unhealthy influences of the season. Re-inforce them by the tonic operation of HOSTETTER'S STOMACH BITTERS. The system, however weak and susceptible, naturally will, in nine cases out of ten, successfully combat every species of atmospheric poison by which epidemics are produced.

During the months of September, October and November, the difference in temperature between day and night is very great, and the chilling dews and mists of the season are the prolific causes of indigestion, cholera morbus, diarrhea and dysentery. Bearing this in mind, remember, also, that the BITTERS not only invigorate the stomach and brace the nerves, but act specifically upon the bowels and the liver, imparting to those important organs regularity and tone. It is not reasonable to expect immunity from prevalent complaints if no precautions are taken to escape them.

HOSTETTER'S BITTERS are at once pleasant to the taste, and the most certain of all safeguards against febrile ailments.

BLIND EYES RESTORED.

The case to which we alluded some weeks ago, of Christiana Fisher, of Beaver county, is now entirely confirmed by the appearance of Miss Fisher herself, who to-day called on DR. KEYSER in person, to thank him for his genius and skill in restoring her TO ENTIRE AND PERFECT SIGHT. Miss Fisher had been nearly blind for four months. She was so blind that she could not distinguish any object so as to make out what it was. The case is remarkable, as hundreds of cases like hers are doomed to never-ending darkness, on the flimsy pretext that there is no cure, and nothing can be done. She was under DOCTOR KEYSER'S treatment for two months, and before she applied to him through her brother, Simon F. Fisher, slight hopes were entertained of her ever getting her sight. Her case is well known in the neighborhood where she resides, and has been regarded as one of extraordinary recovery.

We, the undersigned, know of the cure of Miss Fisher, and bear willing testimony to the facts above stated.

This Machine takes the clay direct from the bank, (without the preparation, by soaking, necessary for "soft mud" machines,) and tempers it thoroughly, pressing in steel moulds, brick stiff enough to be packed up eight high in the yard as made. For outline with the trowel, bearing hard usage, and making a strong, true wall, there are no better brick known. The cost of making them by this machine is from 95 cents to $1.10 per 1,000, according to the rates of wages. This we guarantee. The machine is built entirely of iron and steel; and is the best style for strength and permanent use in working clay. Apply for circulars, giving full information, at the office,

BELTING AND PACKING OFFICE OF W. & A. J. PACKARD,
Youngstown, Ohio, June 17th, 1867.
Messrs. Burke & Barnes, Pittsburgh, Pa.
GENTLEMEN—We ship you, to-day, by railroad, a safe of your make, for a few repairs. The safe went through the disastrous fire that occurred here on the 6th of March last, burning our store and warehouse, and we are glad to inform you that the papers taken out of the safe after the fire were not harmed in the least. We did not suppose any safe, especially so small a size, could possibly stand such a fire, and when we discovered the papers all safe and sound, we were agreeably disappointed. We will give you an order for a large size safe when we get into our new store. Truly yours,

HUGH McKELVEY, P. M.

Interesting Affair at Mozart Hall.—At a meeting of Pittsburgh Division No. 42, Sons of Temperance, held at Mozart Hall, John D. Bailey, Esq., was made the recipient of a beautiful hunting case watch and chain, from the members of the Division. After the usual routine of business had been transacted, Mr. George E M'Lain arose, and, on behalf of the members, presented the watch and chain, in a neat and appropriate speech. Mr. Bailey responded in a feeling manner, returning his thanks for the splendid token of their esteem, and the encouraging terms in which it had been presented. The presentation ceremonies were of a very pleasant character throughout, and the remembrance of the occasion will long be cherished by those who were present.

The watch is of American manufacture, (Howard movement,) and bears the following inscription: "Presented to John D. Bailey, D. D. G. W. P., by the members of the Pittsburgh Division, No. 42, S. of T., October 3, 1867." The chain is of exquisite workmanship, and weighs fifty pennyweights. Attached to the chain is an emblem bearing devices of the order, and inscribed: "From Old 42 to John D. Bailey." The watch and chain were purchased at the establishment of Messrs. James R. Reed & Co., No. 68 Fifth street, and cost about $400. The present is undoubtedly a handsome one, and worthy alike of the donors and recipient.

ACROSS THE SIERRA NEVADAS.

THE

Central Pacific RAILROAD,

THE WESTERN HALF OF THE

Great National Trunk Line Across the Continent,

Being constructed with the AID AND SUPERVISION OF THE UNITED STATES GOVERNMENT, is destined to be one of the MOST IMPORTANT AND VALUABLE RAILROADS IN THE WORLD, as it is the sole link of communication between the Pacific Coast and the Great Interior Basin, over which the immense overland travel must pass, and the

Principal Portion of the Main Stem Line Between the two Oceans.

Its line extends from Sacramento, on the tidal waters of the Pacific, eastward across the richest and most populous parts of California, Nevada and Utah, contiguous to all the great Mining Regions of the Far West, and will meet and connect with the roads now building east of the Rocky Mountains. About 100 miles are now built, equipped and in running operation to the summit of the Sierra Nevada. Within a few days 35 miles, now graded, will be added, and the track carried entirely across the mountains to a point in the Great Salt Lake valley, whence further progress will be easy and rapid. Iron, materials and equipment are ready at hand for 300 miles of road, and 10,000 men are employed in the construction.

The local business upon the completed portion surpasses all previous estimate. The figures for the quarter ending August 31st are as follows, in GOLD:

GROSS EARNINGS.	OPERATING EXPENSES.	NET EARNINGS.
$487,579 64	$86,648 47	$401,031 17

Or at the rate of two millions per annum, of which more than three-fourths are net profit on less than 100 miles worked. This is upon the actual, legitimate traffic of the road, with its terminus in the mountains, and with only the normal ratio of government transportation, and is exclusive of the materials carried for the further extension of the road.

The Company's interest liabilities during the same period were less than $125,000.

Add to this an ever-expanding through traffic and the proportions of the future business become immense.

The Company are authorized to continue their line eastward until it shall meet and connect with the roads now building east of the Rocky Mountain ranges.

Assuming that they will build and control half the entire distance between San Francisco and the Missouri River, as now seems probable, the United States will have invested in the completion of 865 miles $28,592,000, or at the average rate of $35,000 per mile, not including an absolute grant of 10,000,000 acres of the Public Lands. By becoming a joint investor in the magnificent enterprise, and by waving its first lien in favor of the First Mortgage Bondholders, THE GENERAL GOVERNMENT, IN EFFECT, INVITES THE CO-OPERATION OF PRIVATE CAPITALISTS, and has carefully guarded their interests against all ordinary contingencies.

The Company offer for sale, through us, their

First Mortgage Thirty Year, Six per cent. Coupon Bonds,

Principal and Interest payable in Gold Coin, in New York city. They are in sums of $1,000 each, with semi-annual gold coupons attached, and are selling for the present at 95 per cent. and accrued interest from July 1st added, in currency, at which rate they yield yearly

Nine per cent. upon the Investment.

These Bonds, authorized by Act of Congress, are issued only as the work progresses, and to the same amount only as the bonds granted by the Government; and represent, in all cases, the *first lien* upon a completed, equipped, and productive railroad, in which have been invested Government subsidies, stock subscriptions, donations, surplus earnings, etc., and which is worth more than three times the amount of First Mortgage Bonds which can be issued upon it.

The Central Pacific First Mortgage Bonds have all the assurances, sanctions and guaranties of the Pacific Railroad Act of Congress, and have in addition several noticeable advantages over all other classes of railroad bonds.

First—They are the superior claim upon altogether the most vital and valuable portion of the through line.

Second—Beside the fullest benefit of the Government subsidy, (which is a subordinate lien,) the road receives the benefit of large donations from California.

Third—Fully half the whole cost of grading 800 miles eastward of San Francisco is concentrated upon the 150 miles now about completed.

Fourth—A local business already yielding threefold the annual interest liabilities, with advantageous rates payable in coin.

Fifth—The principal as well as the interest of its Bonds being payable in coin, upon a legally binding agreement.

Having carefully investigated the resources, progress and prospects of the road, and the management of the Company's affairs, we cordially recommend these Bonds to Trustees, Executors, Institutions, and others, as an eminently *sound, reliable and remunerative form of permanent investment.*

FOR SALE—REAL ESTATE.

FOR SALE—The best Farm in Fairfield township, Westmoreland county, Pa., containing about 260 acres, situated six miles south of the Pennsylvania Railroad, at Bolivar Station. The improvements are a large hued log house, with nine rooms, a good cellar; a frame bank barn, 40x70, with the best of stabling. Two apple and one peach orchard. The whole farm is under a high state of cultivation; the fencing is all No. 1; the soil is good, and is well watered; about 200 acres cleared, the remainder in good white oak timber. This property is offered at the low price of fifty dollars per acre. Possession immediately.

Also, a valuable Garden Farm, containing 59 acres, situated in Elizabeth township, Allegheny county, Pa., on the Youghiogheny river, and near Elrod's station, on the Connellsville Railroad, about nineteen miles from the city. The improvements are a two-story brick house with six rooms, hall running through the house, with cellar; a No. 1 barn and other outbuildings. Abundance of the best fruits of all varieties. Churches, Schools and Mills very convenient. Persons wishing to engage in gardening would do well to call and purchase quickly.

Also, a Farm of 440 acres, situated in West Wheatfield township, Indiana county, Pa., about 3¼ miles from the line of the Pennsylvania Railroad. The improvements are—First, a two-story frame house, with five rooms, a large frame barn, 40x70, corn crib, carriage house, a good stone spring house and wood house. Second—a two-story log house, a large frame barn, 40x76, a 1½ story frame spring house, and other outbuildings. The fencing is all good, abundance of limestone on the place, and coal but a short distance. Convenient to Churches, Schools, Mills, &c. I am authorized to sell this property very cheap and on easy terms.

Also, an excellent Farm of 160 acres, of which 96 acres are under cultivation, situated in Christian county, Illinois. Improvements—a new frame dwelling containing 3 rooms; about 400 choice fruit trees, good fencing, &c. It lies within 2 miles of the Illinois Central R. R.; will be sold on reasonable terms. City property taken in part exchange if desired.

Also, a Farm of 312 acres in Penn township, Westmoreland county, 220 acres cleared and under cultivation, 92 acres of first-rate white oak and other timber, 2 dwelling houses, 1 of them 2 stories, the other 1 story, with a tenant house, with a first-rate Steam Sawmill in good running order; young orchard of grafted fruit. The land is rolling; every acre is tillable, with limestone soil and well watered, with never failing springs; within one hundred rods of the Penna. Central Railroad; 28 miles east of Pittsburgh, and three miles west of Greensburg. This farm is pleasantly and eligibly situated in a good neighborhood; every acre is underlaid with coal. The title is good.

Also, one of the best farms in Young township, Indiana county, Pa., four miles from Western Pennsylvania Railroad, at Livermore Station, containing 300 acres—225 cleared and under No. 1 fencing, the residue in good timber. The improvements are two frame dwellings, containing eight rooms each; a large bank barn, 50 by 80 feet, and other necessary outbuildings, in good order. Five acres of orchard of choice varieties of fruit; four foot vein of coal, (now open,) under all the land, and abundance of limestone. It is a good thriving neighborhood, convenient to churches, schools, mills, &c., which I am authorized to sell very low and on easy terms.

Also, a Farm of 83 acres in Elizabeth township, Allegheny county, Pa., near the line of the Pittsburgh & Connellsville Railroad. Improvements are a log house, weather-boarded, frame bank barn, orchard of fifty bearing apple trees, &c. This property will be sold cheap.

Also, 88 acres in Derry township, Westmoreland county, 1½ miles from New Derry, and three miles of two stations on the Pa. R. R. The improvements are, a new frame dwelling house and outbuildings, a new steam saw and grist mill, with two run of burrs, two bolting cloths, with all the necessary fixtures, and a young orchard of choice fruit trees. The whole tract is underlaid with a six foot vein of coal, now opened, and an abundance of limestone. This property will be sold very low, if applied for soon.

ELEGANT

MANSION AND GROUNDS,

And Fine Suburban Sites in Liberty Township.

TUESDAY EVENING, Oct. 8th, at 8 o'clock, will be sold on second floor of the Commercial Sales Rooms, 103 Smithfield street, that magnificent suburban seat in Liberty township, on Pennsylvania Avenue, occupied by Edward Rahm, Esq., comprising 11 Acres 28 perches, under best ornamental cultivation, with the avenue leading from the public road; the grounds improved with beautiful laid out walks, a delightful grove of forest trees, and well supplied with never failing springs of pure water. The Mansion is very commodious, and built in modern style, wide halls and grand stairway, rooms and halls finished in most superb manner, with heavy stucco cornice, marble mantles, &c., warmed also by heating furnace, gas and hot and cold water throughout. This noble mansion is finished all through in the most superior manner, comprising every elegance, comfort and convenience, and all in the best order. Its tower commands an extensive and magnificent view of the East Liberty valley. The supply of water comes from an enclosed stone-built reservoir for the springs, conveying it to the upper story. The outbuildings are of a tasteful and complete character, all substantially built of brick and stone, embracing a very commodious and well finished barn, stable, and tenant house in one; wash house, drying house, and coal house in one, green house, grapery, fruit house, ice and cooling house, chicken and tinder house, &c. The completeness and elegance of all these improvements are equal to any in the country.

Also, 6 acres 39 perches, sub-divided from rear of the road, and fronting on Squirrel Hill Road, a short distance from Pennsylvania Avenue, with fine orchard of every variety of the choicest fruits, a large and excellent vineyard, kitchen garden, &c.

Also, 4 acres 118 perches in rear of above, and fronting on Squirrel Hill Road, with excellent spring of water.

Those wishing are invited to view the premises. The plan can be seen at the auction rooms.

Terms of Sale—One-third cash; balance in three equal annual payments, with interest.

se30 A. McILWAINE, Auctioneer.

DESIRABLE PRIVATE RESIDENCE AND GROUNDS ON WESTERN AVENUE, ALLEGHENY CITY, AT AUCTION.—On MONDAY, October 7th, at 2 o'clock P. M., precisely, on the premises, will be sold the residence of JOSHUA RHODES, Esq., on Western avenue, Allegheny City, having a front of 60 feet on the avenue, extending along Bidwell street 278 feet, being corner lot. The improvements consist of an elegant modern style mansion, of eighteen rooms, with wide vestibule, having marble base neatly finished, tiled floor, &c., furnace, with registers throughout lower part of the building; gas, hot and cold water in every room, together with all the modern improvements incident to a first class dwelling, such as marble top stationary wash-stands, marble mantles, water closets, pantries; also oven in kitchen and flagged cellar. The rooms of the main building are stuccoed and finished elegantly. The outbuildings are stable complete. The grounds, being neatly enclosed, are covered with grape-vines, fruit and ornamental shade trees. A MORE DESIRABLE RESIDENCE CANNOT BE PURCHASED.

Also, at same hour, will be sold the desirable vacant Lot adjoining above, and fronting 62 feet on the avenue, extending back 277 feet to a 60 foot street.

Terms—One-half cash; balance in two equal annual payments, with interest, secured by bond and mortgage.

GREAT SALE OF

REAL ESTATE AT AUCTION.

On MONDAY, October 7th, at 2 o'clock P. M., on the premises, will be sold, the very handsomely situated and desirable property, adjoining Fort Herron, near Minersville, being part of the estate of the late John Herron, deceased. The property consists of SIXTY-TWO LOTS, laid out in various sizes, from the ordinary building lot to those of one acre each. The entire property occupies an elevated position, is free from the smoke and dust of the city, and in a good neighborhood; is convenient to the city by a Passenger Railroad, thus making communication with the business portion of the city but a few minutes' pleasant ride, being only two miles from the Court House.

Terms—One-third cash, balance in two equal annual payments, secured by bond and mortgage. Purchasers to pay for title papers and U. S. Stamps.

Through cars will leave Court House, corner of Grant street, every half hour.

Plans can be obtained by calling at the office of W. O. AUGHINBAUGH, Esq., No. 67 Diamond street, or

NEW

DWELLING HOUSE AND LARGE LOT,

On Hamilton Street, Allegheny City, AT AUCTION, ON SATURDAY, OCTOBER 5th, at 2 o'clock P. M., on the premises, Hamilton, between Bidwell street and the Railroad Depot, will be sold the large and desirable lot of ground having a front of 60 feet on Hamilton street, and extending back 120 feet, to a wide alley, on which is erected a neat and convenient two storied frame dwelling house, having six large rooms, wide hall, kitchen and furnished cellar. The neighborhood is excellent; the house entirely new, never having been occupied, and is convenient to business in either city, being within a few minutes walk from cars on Manchester Railway. This property should command the attention of persons desiring a home of their own. Terms at sale.

SMITHSON, PALMER & CO., Auct'rs,

FINANCE AND TRADE.

OFFICE OF THE PITTSBURGH GAZETTE,
FRIDAY, October 4, 1867.

Gold was rather weak to-day, fluctuating between 144½ and 145¼. Everybody seems to have a presentiment that gold must go much higher, but to say what actually it should be at present is impossible. Reshipments of bonds must necessarily run up the price far above the present quotations; but, though there is excitement enough at the Paris Bourse, yet no intimation was had that any return of bonds would be resorted to in case the elections in the Middle States would turn out Democratic. The Government has a large surplus fund of gold on hand, and if there is no strong reason for holding on to it, a sufficient amount may be sold to depress the advance, and prevent speculators from pocketing large profits by their gambling operations.

Bonds are still lower this afternoon, and Seven Thirties are now below 6 per cent. premium. Stocks are still higher, though transactions are light; an advance in gold would give a further stimulus to stock operations. Mining shares are better, but business is rather inactive at present; the most encouraging reports are received from some of the most poor and mismanaged companies; most of them have but their working capital, and now begin to work their mines at the territory instead of in Wall street.

Closing New York quotations received by Ph. R. Mertz, were as follows:

Gold, 145; 1881's, 110¾; 5-20s, 1862, 111¾; 1864, 108; 1865, 108¼; Consols, 107; 10-40s, 99¾; 7-30, 105⅝@105¼.

—The Providence *Journal* says: The defalcation in the Atlas Bank, in this city, amounts to $40,000. The money has been paid out by the cashier, who has been in the habit of certifying the checks of a certain party who had no funds in the bank. On the last regular quarterly day the customary examination failed to disclose the deficit, because, as now appears, it was concealed by fictitious New York and Boston balances of which the directors were deceived. Probably $10,000 of the money for which he is a defaulter have been paid out within a week. The transactions which resulted in the deficiency commenced November last. The cashier certified the checks of the party above referred to, and they were negotiated in New York and Boston, and came in regular course through the Bank of North America to the Atlas for collection. They were paid and charged to the bank, and the cancelled checks taken to the cashier's house, as the fraud would have been discovered if they were left at the banking room. Probably the cashier has not himself profited by the money, but he has been induced to continue the transactions by promises of large profits on stock speculations. The bonds of the cashier amount to $15,000, beside which undoubtedly some portion of the funds abstracted will be recovered. The capital of the bank is $100,000. No one will incur any loss from the defalcation except the stockholders, as there are ample funds to pay all depositors and bill-holders.

—The New York correspondent of the Philadelphia *Ledger* writes as follows, under date of Wednesday:

Private letters from leading London, Paris and Frankfort bankers, were received by the Scotia to-day, of a character to show that the loose talk in political circles on this side about repudiation, the paying off the national debt with greenbacks &c., is producing a very unfavorable feeling, and the belief was beginning to obtain, that notwithstanding Mr. McCulloch's assurance, that neither principal nor interest would be paid in gold. Under these circumstances, it is intimated that the European holders will ask of Congress the passage of a supplemental act, making the payment of the 1862 bonds in gold obligatory, and in default of some such law, we are warned that the bonds will be thrown back upon our hands.

—The money market in the western produce centres is quite stringent. The banks both at Chicago and Cincinnati are understood to be nearly or quite at the end of their ability to further discount the bills of grain dealers. The bankers say they find it as much as they can do to furnish means to move the grain from the place of growth to the distributing points in the west. The question of moving the crops to the seaboard on time bills is creating considerable talk at Chicago, and it is unanimously admitted that the banks cannot do it. It is estimated that fully $1,000,000 per day are required to handle the receipts of grain at Chicago and Milwaukee, and were the banks to inaugurate the policy of moving the crops on twenty day paper, they would be "scooped out" of their capital before the maturity of their first batch of bills. At Cincinnati the demand for money is quoted in excess of the supply, and is working closer. The amount of exchange making by the shipping of produce is light. These are signs worth noting by the banks in the Atlantic cities, for the crops and produce of the west must come forward, and if the western banks and bankers cannot furnish the means, those of New York, Philadelphia and Boston must. This indicates a further drain of coin west, and a continued stringency in the seaboard. A decline in rates for money is not probable.

PITTSBURGH METAL AND BLOOM MARKET—WEEKLY REVIEW.

OFFICE OF THE PITTSBURGH GAZETTE,
FRIDAY, October 4, 1867.

The market for metal has been moderately active during the past week, and while the transactions in the aggregate are not very large, prices are firm and well maintained. There is, and has been for some weeks, quite an active demand for small lots of standard foundry irons, and with a very short supply, holders experience no difficulty in selling at extreme prices. For mill iron, there is also a very fair demand, and the stock of good leading brands is pretty well reduced. Blooms are quiet and unchanged.

In consequence of the restricted transportation facilities, smelters of iron in the Mahoning and Shenango districts, are unable to get their metals forward as fast as desirable.

St. Louis Market.

[By Telegraph to the Pittsburgh Gazette.]

ST. LOUIS, October 4.—Tobacco weaker and prices unchanged. Cotton and Hemp—no transactions. Flour—the decline in freights to New Orleans caused an increased demand and firmer market, but prices are unchanged; superfine $7@7.75; extra, $8.25@8.75; double extra, $9.37½@15.75; choice, $11.50@12.50; fancy brands, $13. Wheat stiff and higher, but not active; White, $2.30@2.35; spring, $1.88@1.90. Corn inactive; $1.03 for choice yellow, and $1.13 for choice white. Oats dull and lower at 55@62c. Barley dull and easier; $1.22½@1.23 for strictly prime spring. Rye quiet at $1.10@1.15. Provisions firmer and higher prices asked, but the transactions are small. Mess Pork, $24.25@24.50; bacon clear sides, 17½@18c; plain hams, 18@20c; sugar cured hams, 23@25c; shoulders, 14¼. Lard in better demand at 14c for choice, in tierces, and 14½@14¾c in kegs. Receipts—flour, 4,547 barrels; wheat, 6,898 sacks; corn, 1,253 sacks; rye, 1,021 sacks; oats, 6,262 sacks; barley, 6,357 sacks. Weather wet; heavy rain last night and all day to-day, with indications of more.

New York Dry Goods Market.

[By Telegraph to the Pittsburgh Gazette.]

NEW YORK, October 4.—The decline in cotton goods in the past few days, has not helped the trade much, as it has shaken confidence in the maintenance of prices, but as soon as buyers recover from the effects of the shock, a renewal of trade is confidently anticipated. Some styles of goods are selling at less, and agents refuse to make the concessions demanded by jobbers, while others are still selling at a moderate profit. Heavy brown sheetings, best make, steady at 6¼; seconds at 15½@16, and lighter makes still lower. Tremont Brown Cotton Flannels reduced from 18 to 17½. Ellerton Cotton Flannels, both brown and bleached, 2c lower on all grades. The N Brown is selling at 23. The Hamilton Stout do are reduced to 22. Masonville and Slater & Sons paper cambrics are reduced to 14. Prints steady at a decline of 1c on all best makes, and 17½c on Amoskeag.

PITTSBURGH MARKETS.

OFFICE OF THE PITTSBURGH GAZETTE,
FRIDAY, October 4, 1867.

The general markets are firm, though devoid of excitement, and while there is a fair business in the aggregate, the transactions are mainly of a local and unimportant character. There is an improved demand for some articles, and that, too, at stiffening prices, while for others, the markets is dull, with a drooping tendency.

GRAIN—Wheat is firm and in limited supply, and prime Red may be quoted at $2,35@$2,40. Sale of 1000 bushs Oats, buyer furnishing sacks, to arrive, at 68c; the market is dull, and prices are barely maintained—may be quoted at 72@73c for small lots in store. Barley is unchanged—sales on track, at $1,25@1,30. Rye is quoted at $1,35. Corn is quiet at $1,28@$1,30.

FLOUR—Is firm, with a continued fair local demand, and prices are well sustained. Regular sales in store at $10,25@10,75 for Spring Wheat; $10,25@11,75 for Winter Wheat, and $13,50@14,50 for fancy brands. Rye Flour is quoted at $8.

PROVISIONS—Bacon is quiet and unchanged at 14½c@14¾c for Shoulders; 17c@18c for Ribbed and Clear Sides; 22c for Plain Sugar Cured Hams, and 23c for Canvassed do. Lard, 14c, and Mess Pork, $24,50@25.

SEEDS—Timothy Seed is offering without buyers at $2,50—small sales in a retail way at $2,70@2,75. Flaxseed is still quoted at $2,50. Nothing doing in Clover Seed.

SALT—Is dull but unchanged; Allegheny River brands are quoted at $2,25 by the car load, and $2,35 delivered.

BUTTER—Prime fresh Butter is scarce and in demand, and may be quoted at 33@35c, and really choice Roll would doubtless sell readily at 40c.

EGGS—In good supply and unchanged at 20@21c for fresh packed.

CHEESE—Is firm with an improved demand and prices are well sustained, ranging from 14 to 18c as to quality.

APPLES—In good supply, but with a steady demand, prices are maintained, ranging from $2@4 per bbl, as to quality.

OIL—Lard Oil is firm and may now be quoted at 90@92c for No. 2, and $1,10@1,12 for No. 1.

HAY—Is quiet and unchanged—regular sales from country wagons at $15@20 per ton, as to quality.

POTATOES—Sales of Jersey Sweets at $4,50@$5 per bbl.

PITTSBURGH PETROLEUM MARKET

OFFICE OF THE PITTSBURGH GAZETTE,
FRIDAY, October 4, 1867.

CRUDE—The market was more active to-day, the sales in the aggregate being unusually large, reaching eight thousand five hundred barrels, but prices have undergone no quotable change. We have the following sales reported: 4000 bbls to be delivered between now and December 31st, seller's option, at 12c; 1000 bbls first water, at 12c; 1000 for October, buyer's option, at 13c; 1500 for November, seller's option, at 13; and 1000 (at Oil City) at $4,15, delivered on board bulk cars. From the above, it will be seen that the sales were larger than during any preceding day this week, and while there is firm feeling, prices remain substantially unchanged.

REFINED—There was also a good business, done in bonded oil to-day, the sales, in the aggregate, being larger than during any preceding day this week, and while the market is firm and more active, prices have undergone no quotable change. The demand seems to be more urgent for October than for any of the later months, and, as a consequence, that particular delivery commands a higher figure. The sales were as follows:

RIVER NEWS.

The weather continues cloudy and cool, with every appearance of rain; it has been threatening for two or three days, and we are in hopes that we will not have to wait much longer. G. A., in his latest observations on the weather, predicts that October, like September, will be a dry month, and if we take him as authority, the prospects for steamboatmen are by no means encouraging.

Under the instructions of J. Milnor Roberts, Esq., Capt. John Rodgers is now engaged in clearing out the new channel on the south side of Brunot's Island, the survey having developed the fact that the old channel on the north side of the island was liable to obstructions, which, it is believed, will be avoided in the new channel. Captain Rodgers has a number of crane boats, constructed in such a manner as to facilitate the removal of the obstructions which now prevent the passage of steamers upon the south side of the island.

The Cincinnati *Gazette* says: The Cincinnati, Pittsburgh and Louisville Pilots' Association, of this city, is paying $20 per month each to five widows of deceased pilots, who were members. The Association has not been able to organize a meeting for business for several weeks, in consequence of not being able to get a quorum. Most of the members reside outside of the city.

We copy the following intelligence from the Zanesville *Courier*, of Monday:

The work of repairing the damages done to the Muskingum Improvement, by the ice and freshets of last winter, is progressing finely, and soon the whole line of the river, from Dresden to its mouth, will be in good condition. The dam at this place is approaching completion, and will be a most solid and permanent structure, as strong and durable as when new. The repairs on the dam at Taylorsville were completed last week. The work on the McConnelsville dam is progressing finely. The lock walls at Beverly are up, the gates will be placed in position on to-morrow or Wednesday, and it is expected that boats will pass through the last of the present week.

The St. Louis *Democrat*, of Tuesday, contains the following: The firm of Baker & Carroll has been dissolved. Mr. Baker left for Wheeling on Sunday, and when he returns will again go before the people as universal steamboat agent. Captain Carroll has been appointed general freight agent of the A. & M. S. S. Co.

We take the following from the New Orleans *Times*, of Saturday: We are sorry to learn that Captain Jim. F. Smith, chief clerk of the Grey Eagle, was taken sick with the prevailing epidemic, yesterday morning at ten o'clock. Capt. Smith lost a son yesterday, by yellow fever; and we are sorry to announce that our friend Shaw, of the National, was reported on the sick list yesterday.

The Louisville *Courier*, of Wednesday, says: Capt. James F. Smith, formerly of this city, is in New Orleans stricken with disease. Three of his children were also attacked, and one, his daughter Eliza, died. The others of the family are convalescent, but fears are expressed for Capt. Smith. He is the chief clerk of the steamer Robt. E. Lee.

ST. LOUIS, October 2.—A special from St. Joseph says large quantities of wheat are passing down the Missouri for St. Louis, and also reshipped by rail from that point. The low water and heavy expenses of boating have contributed to make this a dull season for business. At St. Louis, there have been several occasions, appearances of great activity, which, however, were only temporary. The lower rapids of the Upper Mississippi are a serious bar to our commerce, and unquestionably divert much of our trade to the lakes. The steamers Ciara, Post Boy and Jennie Lewis have been sold for stock and cash, to the St. Louis & Miami Packet Company, recently organized under an Illinois charter as a joint stock association.

The St. Paul *Press* has a long account of the collision of the Hudson and Lady Pike, by which the latter was sunk. It concludes: "We are not able to judge who was in fault, as we have not heard the statement of those on the Lady Pike, but it seems now that there was no negligence on behalf of the officers and pilots of the Hudson; her officers claim that her engines were reversed, and that they did all in their power to check speed and prevent the collision; but barges of iron have a great momentum, and are not easily overcome."

Capt. John G. Owen died on board the Mist, at Selma, Ala., on the 29th of September. For a period of nearly thirty years the deceased has been identified with steamboating, sometimes capt., but generally clerk, standing among the latter confessedly at the top of the list. Capt. Ed. Collier, formerly of the Fulton, died at New Orleans recently, of yellow fever. He was associated with Capt. Alexander Morton at the time of his death. He formerly resided at Steubenville, Ohio.

MOBILE.—The Board of Underwriters, at a late meeting, promoted all stern-wheel steamers that can stand inspection, to be first-class boats, the side-wheelers heretofore to have no advantage over them. Insurance on good stern-wheel boats down stream to be the same rate as on side-wheelers. We have heard of a "through ticket" for cotton and up freight, between the river and lake boats and the Selma railways; don't think, however, that all the arrangements are made yet, the bottom of the Alabama river just now approximating rather near the water surface for much through business of any to be done. Last accounts—thirty inches only at Haines.—*Times, Sept. 25.*

VICKSBURG, September 25.—Quite a serious accident occurred on the Shreve just previous to her departure for St. Louis. A passenger accidentally stepped on a double barreled shot gun belonging to some one, which, in falling, discharged the contents of one barrel into the leg of the passenger. The unfortunate man was hauled to the hospital on a dray.

It affords us pleasure to announce to our steamboat friends that Captain Ned Ryland has been appointed assistant health officer at the upper, or Ryland, station, at the quarantine.

CHOLERA IN ST. LOUIS.—The following is the only dispatch we have yet seen in regard to the cholera at St. Louis:

ST. LOUIS, September 30.—The cholera is subsiding. The local papers have not yet mentioned it, but its ravages have been heavy. There were thirty deaths last Thursday.

The papers of that city have made no allusion to the prevalence of the scourge there, although the long array of notices of died "suddenly" and "after a short illness" that have been appearing daily in their columns told a story that the careful reader could not mistake. We sincerely hope that the disease has spent its force, and that with late chance of weather it will soon and entirely disappear.—*Louisville Courier.*

NEW ADVERTISEMENTS.

THE BANKERS' AND MERCHANTS' GRAND Presentation Enterprise

HAS PROVEN

A WONDERFUL SUCCESS.

CAPITAL TICKETS AND PRIZES

INCREASED FROM

$1,287,148 TO $1,500,000,

Making this the most Stupendous and Successful Presentation Scheme ever Inaugurated in the World!

Our Agents have received orders for over One Hundred Thousand Tickets more than our original issue, and the Managers, being desirous of filling the orders and supplying the demand, have decided to increase the tickets from 1,287,147 to 1,500,000.

The Committee appointed at the first Concert, have decided to distribute the Prizes at the

THIRD AND LAST CONCERT,

WHICH WILL TAKE PLACE AT

IRVING HALL,

NEW YORK CITY.

Thursday, October 24th, 1867.

TICKETS, ONE DOLLAR EACH,

A PRIZE WITH EVERY TICKET.

PROSPECTUS.

A number of the leading Bankers and Merchants of New York, in consequence of the great success which has attended many of the Charitable Presentation Entertainments of the day, have formed themselves into a company, with the view of inaugurating an enterprise which, while it will return them a fair profit, shall offer greater advantages to ticket purchasers than any yet presented; and which being conducted upon a perfectly legitimate and business basis, shall be free from those objectionable features which have characterized many of these enterprises.

To this end they have consigned the sale of tickets and the registering of the same to Clark, Webster & Co., Bankers and Managers, No. 62 Broadway, New York, who will keep the records in their custody until the day of the Grand Presentation Entertainment, when they will be handed over to a Committee selected by the audience to make an impartial distribution of Presents.

A reference to the number of presents and the general plan of distribution, given below, will convince even the most sceptical of the great advantages which will accrue to all who participate in the enterprise; and the commercial and financial standing of the Company, and the Managers and Bankers thereof, will, they hope, prove a sufficient guaranty of the fairness and impartiality with which everything in connection with it will be conducted, and that the interests of ticket holders will be most strictly watched over and guarded. In fact, it is the desire of the Managers to conduct every transaction for the mutual benefit of whoever shall purchase a ticket, and scrupulously to avoid any and everything which could in the slightest degree diminish the goodwill which are likely to accrue to all who invest.

The Bankers' and Merchants' First Grand Concert was given at Irving Hall, July 4th. The Second Grand Concert was given August 28th, both of them proving a grand success. The mammoth hall was filled with the most respectable citizens of New York. The audience appointed a committee of nine of the leading bankers and merchants to examine the register of tickets and satisfy themselves of the correctness of the registration before making the grand distribution of prizes on the 24th of October.

IMPORTANT TO PARTIES DESIRING TICKETS.

1st. There are but few remaining unsold. Those wishing to be supplied with tickets must order at once.

2d. The distribution of prizes will positively take place on the 24th of October, 1867.

3d. As the books will be closed immediately on the sale of the last ticket, for the purpose of the registration being examined by the committee, it is important that we should receive orders at the very earliest moment.
